

Subject: Emergency Drill – November 8, 2019

Please be advised that we will be conducting an emergency drill on Friday November 8, 2019, at our port facilities.

As part of this drill, emergency response equipment (boats, containment booms, etc.) will be deployed on the river and on its banks near our port facilities.

This drill is aimed at verifying the effectiveness of the marine oil spill response provisions and is part of the continuous training of refinery personnel.
