

**Subject: Localized fire at the Suncor Montreal Sulphur Plant**

Date: August 20<sup>th</sup> 2020

At approximately 13h35, on Wednesday, August 19 2020, teams from Suncor Montreal Fire department and the Montreal Fire Department responded to a fire inside a tank at the Suncor Montreal Sulphur Plant, in Montreal-East.

We immediately initiated our emergency response plan and advised authorities and we continue to work with them. As a precaution, we evacuated all workers on-site during the emergency response. There were no injuries.

The fire was contained inside the tank and extinguished at approximately 17h00.

Smoke and odors could be detected during the incident. It did not pose a risk to health and safety.

The incident never compromised plant operations.

At all times, our first priority is the safety of our employees, contractors and neighbors.

Thank you for understanding.
