

Subject: Low volume siren test

Date: September 14th 2020

We would like to advise you that on September 15, 2020 at 11:00 a.m., Suncor's Montreal sulfur plant will be testing its warning siren. This test will be at low volume and will last approximately 15 seconds.

The siren will emit a modulated sound that could be heard on the outskirts of the sulfur plant site. The local authorities have been notified.

Thank you for understanding.

For further information, you may contact our Environment, Health and Safety group at 514-645-1636.
