

NOTICE OF A PROPOSED CHANGE TO A RENEWABLE ENERGY PROJECT

Project Name: Suncor Energy Adelaide Wind Power Project (the "Project")

MOE Reference Number: 4996-92HS9L

OPA Reference Number: FIT-F3ECN6R

Project Location: Municipality of Adelaide Metcalfe, County of Middlesex

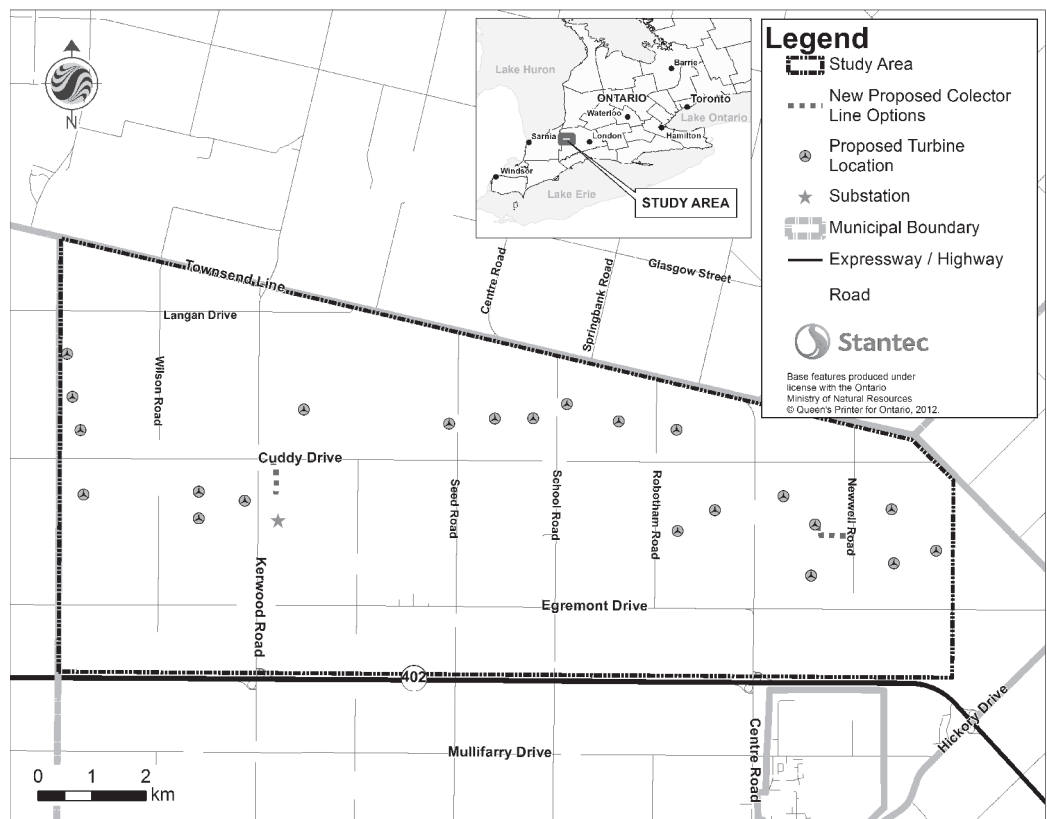

Dated at: Municipality of Adelaide Metcalfe this the 19th of November, 2013.

Suncor Energy Products Inc. (Suncor) is planning to engage in a renewable energy project in respect of which the issuance of a Renewable Energy Approval (REA) is required. The project is subject to the provisions of the *Environmental Protection Act* of Ontario (Act) Part V.0.1 and Ontario Regulation 359/09 (Regulation). This notice must be distributed in accordance with section 16.0.1 of the Regulation. This notice is being distributed to make the public aware of a proposed change to the project.

Project Description and Proposed Change:

Pursuant to the Act and Regulation, the facility, in respect of which this project was originally proposed to be engaged in, consisted of a Class 4 wind facility with a total maximum nameplate capacity of 40 MW and consists of up to 18 wind turbines.

A change is being proposed to the project. The change consists of a minor design change to the routing of two underground collector lines, one to the substation and the other to Turbine 9. The purpose of the proposed change is to minimize the amount of project infrastructure within municipal/county rights-of-way. No other changes are proposed to the design of the project or the nameplate capacity. The project location, taking the proposed change into account, is described in the map adjacent.

Documents for Public Inspection:

Suncor has been required to update the supporting documents that are required to form part of the application. A written copy of the Modification Document is currently available for public inspection on the project website (www.suncor.com/adelaidewind). Copies of all final submitted documents also remain available on the project website.

Project Contacts and Information:

To learn more about the project or to communicate concerns please contact:
