

Suncor Energy

Multi-Year Accessibility Plan and Policies

Introduction

Suncor Energy is committed to being responsive to the needs of all people who work in or visit our facilities and those who use Petro-Canada branded products and services.

To do this, we recognize the diverse needs of Ontarians and visitors and respond by striving to provide services and facilities that are accessible. Suncor Energy promotes accessibility through the development of policies, procedures and practices that address integration, independence, dignity and equal opportunity. The Accessibility policy for Suncor Energy is attached, this policy applies to all obligated Suncor companies.

This Multi-year Accessibility Plan was prepared to meet the obligations of the Ontarians with Disabilities Act, 2001 (ODA) and the Accessibility for Ontarians with Disabilities Act, 2005 (AODA). This Plan describes the actions Suncor Energy must take to meet provincial targets and demonstrates the activities that will be undertaken from 2014-2021 to identify, prevent and remove barriers for persons with disabilities.

The Multi-year Plan is based on requirements under the AODA. The AODA contains standards in the areas of:

- Customer Service
- Information and Communications
- Employment
- Transportation

The Built Environment standard is to be implemented through revisions to the Ontario Building Code. New build sites and sites undergoing major renovations will comply with the standards in place at the time of construction.

The Customer Service Standard came into effect in 2008. The other standards were combined under the Integrated Accessibility Regulation (IAR) in 2011.

The Transportation standard and some elements of the other standards are not applicable to the Suncor Energy operations in Ontario.

Suncor Energy's policies, procedures and practices largely align with the requirements of the AODA and compliance in many instances is already in place.

Compliance Plan

| Customer Service Standard | |
|---|---|
| <ul style="list-style-type: none"> <i>We certified as compliant as of January 1, 2013</i> | |
| Customer service standard training provided to Suncor Energy staff | Complete |
| Standard Operating Procedures (SOPs) developed to assist associates toward compliance in their own operations | Complete |
| Develop plan for ongoing training | Complete |
| Employment Standard | |
| <ul style="list-style-type: none"> <i>We certified as compliant as of January 1, 2013</i> | |
| Provide individualized emergency response information to employees with disabilities | Complete; addressed through employee education & Suncor's Integrated Disability Management Program (IDM) |
| Information & Communication Standard | |
| <ul style="list-style-type: none"> <i>We certified as compliant as of January 1, 2013</i> | |
| Emergency Information | Suncor offices and manufacturing facilities do not provide public emergency information as described under the standard. |
| January 1, 2014 | |
| Accessibility Policies | Complete. An accessibility policy is in place for Suncor Energy which applies to obligated Suncor companies. |
| Multi-Year Accessibility Plans | Complete, this document. The plan will be reviewed on a 5-year basis. |

| January 1, 2021 | |
| Accessible web sites & content | As of 2014, future web content is being developed to WCAG 2.0 Level AA or better. |

ACCESSIBLE CUSTOMER SERVICE POLICY

PURPOSE

The goal of the *Accessibility for Ontarians with Disabilities Act, 2005* (“AODA”) is to create a more accessible Ontario by identifying, and to the extent possible, preventing and eliminating barriers experienced by persons with disabilities. There are five standards set out under the AODA, all of which will be implemented by the year 2025. These standards include: customer service, transportation, information and communications, built environment and employment.

The first of the above standards being implemented is the Customer Service Standard (the “CSS”). The purpose of the CSS is to ensure that goods and services are provided in a manner that respects the dignity and independence of persons with disabilities and that persons with disabilities are given an equal opportunity to obtain, use and benefit from the goods and services.

Suncor Energy (the “Company”) is committed to providing an equal opportunity to all of our customers. The objective of this policy is to ensure we meet the requirements of CSS and promote its underlying core principles.

SCOPE

All employees, contract workers, consultants and agents, who work on behalf of the Company and deal with members of the public or other third parties, are expected to conduct themselves in accordance with this policy.

DEFINITIONS

Assistive Device: Any device used to assist a person in performing a particular task(s) or to aid that person in activities of daily living. This can include a wheelchair, screen reader, listening device or cane.

Disability: the term disability as defined by the AODA and *Ontario Human Rights Code* refers to:

- a. any degree of physical disability, infirmity, malformation or disfigurement that is caused by bodily injury, birth defect or illness and, without limiting the generality of the foregoing, includes diabetes mellitus, epilepsy, a brain injury, any degree of paralysis, amputation, lack of coordination, blindness or visual impediment, deafness or hearing impediment, muteness or speech impediment, or physical reliance on a guide dog or other animal, or on a wheelchair or other remedial appliance or device;
- b. a condition of mental impairment or developmental disability;
- c. a learning disability, or dysfunction in one or more of the processes involved in understanding or using symbols or spoken language;

- d. a mental disorder; or
- e. an injury or disability for which benefits were claimed or received under the insurance plan established under the *Workplace Safety and Insurance Act, 1997*.

Guide Dog: is a highly-trained working dog that has been trained at one of the facilities listed in *Ontario Regulation 58* under the *Blind Persons' Rights Act, 1990* to provide mobility, safety and increased independence for people who are blind.

Service Animal: An animal is a "service animal" for a person with a disability if:

- It is readily apparent that the animal is used by the person for reasons relating to his or her disability; or
- The person provides documentation from a regulated health care professional confirming that the person requires the animal for reasons relating to the disability.

Support Person: An individual hired or chosen by a person with a disability to provide services or assistance with communication, mobility, personal care, medical needs or with access to goods or services. Medical needs may include, but are not limited to, monitoring an individual's health or providing medical support by being available in the event of a seizure.

CORE PRINCIPLES

The Company will make every effort to ensure that this policy and related practices and procedures are consistent with the following four core principles:

Dignity: Persons with disabilities must be treated as valued customers as deserving of service as any other customer.

Equality of Opportunity: Persons with disabilities should be given an equal opportunity to obtain, use and benefit from the Company's goods and services.

Integration: Wherever possible, persons with disabilities should benefit from the Company's goods and services in the same place and in the same or in a similar manner as any other customer. In circumstances where integration does not serve the needs of persons with disabilities, goods and services will, to the extent possible, be provided in another way that takes into account the person's individual needs.

Independence: Goods and services must be provided in a way that respects the independence of persons with disabilities. To this end, the Company will always be willing to assist persons with disabilities but will not do so without express permission.

PROVIDING GOODS AND SERVICES TO PERSONS WITH DISABILITIES

Communication

The Company strives to communicate with persons with disabilities in a manner that takes into account the person's disability. Communication strategies are set out in the Company's Guide to Providing Accessible Service.

Assistive Devices

Persons with disabilities are permitted to use their own assistive devices when on Company premises for the purposes of obtaining, using or benefiting from the Company's goods and services.

If there is a physical, technological or other type of barrier that prevents the use of an assistive device on Company premises, the Company will make its best effort to remove that barrier. If the Company is not able to remove the barrier, we will ask the individual with the disability how he/she can be accommodated, what alternative measures would enable equal access to the Company's goods and services and the Company will make its best effort to provide the individual with alternative means of assistance.

Employees receive training on the various types' assistive devices that may be used by persons with disabilities while accessing the Company's goods and services.

Guide Dogs and Service Animals

Persons with disabilities that are accompanied by a guide dog or service animal will be allowed to access Company premises that are open to the public and keep the animal with him or her unless otherwise excluded by law. If a service animal must be excluded from the premises, the Company will provide the individual with the reasons for the exclusion and explore alternative ways to meet the individual's needs.

If it is not readily apparent that the animal is a service animal, the Company may request documentation from a regulated health care professional confirming that the person requires the animal for reasons relating to his/her disability.

Employees receive training on how to interact with persons with disabilities accompanied by a guide dog or service animal.

Support Persons

Persons with disabilities may enter premises owned and/or operated by the Company with a support person and have unobstructed access to the support person while on the premises.

The Company may require persons with disabilities to be accompanied by a support person where it is necessary to protect the health or safety of the person with a disability or the health and safety of others on the premises.

Employees receive training on how to interact with persons with disabilities who are accompanied by a support person.

Notice of Temporary Disruptions

The Company will notify customers if there is a planned or unexpected disruption of facilities or services typically used by persons with disabilities in order to access the Company's goods and services. The notice will be posted at the entrance of the affected premises or such other place as is deemed reasonable.

The notice will include the following information:

- The facility or service that is unavailable;
- The anticipated duration of the disruption;
- The reason for the disruption; and
- Alternative facilities or services, if available.

TRAINING AND RECORDS

The Company provides training as required under the AODA, to all persons to whom this policy applies as well as to the individuals charged with developing this policy and related procedures and practices.

Content of Training

Training includes:

- A. A review of the purpose of the AODA and requirements of the CSS;
- B. How to interact and communicate with persons with various types of both visible and non-visible disabilities;
- C. How to interact with persons with disabilities who use an assistive device or require the assistance of a guide dog, service animal or support person.
- D. How to use equipment and/or devices made available on Company premises to assist persons with disabilities with obtaining, using or benefiting from Company goods and services.
- E. What to do if a person with a disability is having difficulty accessing Company premises and/or goods and services.

The training will be provided to all employees to whom this policy applies as soon as practicable after he or she is assigned the applicable duties and training will be provided on an ongoing basis in accordance with changes to this policy and its related practices and procedures.

Documenting Training

Records of the training provided, including the training protocol, the dates on which the training is provided and the number of individuals who attended the training are maintained in accordance the requirements of the AODA.

FEEDBACK PROCEDURE

Receiving Feedback

The Company welcomes and appreciates feedback regarding this policy and its implementation. Feedback can be provided in the following ways:

- By telephone at **905 804 4500**
- In writing: **Legal Services**

2489 North Sheridan Way, Mississauga, Ontario, L5K 1A8

Once feedback is received, Legal Services will identify the appropriate internal contact and ensure that the complaint is responded to in a timely manner.

DOCUMENTATION TO BE MADE AVAILABLE

This policy is made available to any member of the public upon request.

FORMAT OF DOCUMENTS

On request, the Company will provide documents, or the information contained in documents, required to be provided under the CSS, to persons with disabilities in a format that takes into account the person's disability.
